SUBSCRIPTIONS-IN ADVANCE. One Year

DELIVERED BY CARRIER. Payable to Collector at end of Month.

THE versatile Editor of The Paris Gazette does THE LEDGER great honor -and injustice. THE LEDGER never said that Judge CANTRILL was a "handsome," "pompous," "dignified," "shallow," "machine-ridden politician." But it did say that The Louisville Dispatch conferred all these adjectives-and then some-on the distinguished gentleman who presided over the "conspiracy trials" at Georgetown and Frankfort, and whose rulings have been the marvel of American jurisprudence.

WONDER if any of the Prosecutin' Attorneys 'round here-who are sometimes so insistent on getting at the fine points in an investigation—can tell who took from the possession of the late Grand Jury the papers relating to illegal voting at the last election?

Worms take refuge in the small intestine, where they can easily multiply. White's Cream Vermifuge will destroy these parasites. The verdict of the people tells plainly how well it has succeeded. Price, 25 cents. J. Jas. Wood & Son. These papers, which had not been possession of the Grand Jury on the 30,000 tons. first day of its session, and after its adjournment they were found stowed away in a box of papers which the Grand Jury had passed upon. What do you think of this sort of political "Shenanighan?"

GOVERNOR BECKHAM on Thanksgiving Day granted a pardon to John McDowell, colored, the oldest convict, in point of service, confined in the State Penitentiary. McDowell, who is now an old man, was sent in 1882 from Whitley county. He was convicted of murder and sent up for life. During his eighteen years of service McDowell has been a model prisoner. He had no friends on the outside and prepared his own petition for pardon. THE LEDGER has no particular objection to the exercise of Executive clemency in the case of this old Negro man; but it would like to know what has become of the Governor's declaration that he would pardon no man who had been convicted by twelve men.

IT ought to be determined which is the biggest man in Kentucky-a County Judge or the Governor. Both Governor KNOTT, Democrat, and Governor BRADLEY, Republican, -and proof as is given here. The testimony both first class lawyers-thought they of Maysville residents should satisfy were superior in authority to County the most skeptical. Here is a Mays-Judge J. D. ATCHISON of Daviess and ville case. Read it and see if doubt County Judge James P. Gregory of can exist in the face of this evidence. Jefferson, respectively; and so each of Mr. M. C. AMERICAN diplomacy has scored another triumph in the Chinese situation. The proposal of Secretary HAY EXCEPT SUNDAY, JULY FOURTH, THANKSGIVING has received the indorsement of France, Russia and Japan. Great Britain and Germany are expected to fall into line, though perhaps less willingly than the others.

> DURING his Senatorial career, and while paving his way to the Governorship, the late Mr. GOEBEL had the Fire Departments of Louisville, Covington, Newport and Lexington converted into Democratic machines. The members. from the Chief down to the hostlers, are uniformly Democrats, and they hold their places during life. GOEBEL never let an opportunity slip to advance the interests of his dear friend
